

Oxford Primary Illustrated Science Dictionary, 2013, 160 pages, 0192733559, 9780192733559, OUP Oxford, 2013

The Oxford Primary Illustrated Science Dictionary supports the curriculum and gives comprehensive coverage of the key science terms children use in the primary classroom. Each entry is in alphabetical order and along with a clear and straightforward definition, has a fun and informative colour illustration or diagram to help explain the meaning. Cross references link the user to other useful words in this dictionary so it is easy to build up vocabulary quickly. There is also a full index at the end. Additional information is given in a fully illustrated section on topics such as the human body, classification of animals, solar system, and much more. It is the perfect companion to the Oxford Primary Illustrated Maths Dictionary. Go online for free downloadable word games, puzzles, and activities on the www.oxforddictionaries.com/schools website.
